

August 28, 2006

Dear Parents,

Attached you will find detailed information about the “level system” that was mentioned at *Meet Your Teacher* night. Your child is working to earn special privileges based upon good school behaviors. Each level will focus on specific behaviors that are addressed in their IEP and noted on the Target Behavior Sheet. Obtaining pluses in these areas for the designated period of time will allow them to move up a level and earn additional privileges.

Encourage your son or daughter to tell you which level they are on and the behaviors that they should work on in order to move up to the next level.

Please feel free to contact me if you have any questions at all!

Thank you,

Staci M. Mathes
